Why an independent?

In an independent shop, you will experience customer-managed care. You'll be spending your time diagnosing, repairing and maintaining the most critical components and systems on a vehicle. These types of repairs carry a high level of job satisfaction. You'll be doing interesting, important work— not looking for water leaks or wind noise (typical repairs at a new car dealership).

What is AASP-MN?

Alliance of Automotive Service Providers—Minnesota (AASP-MN) is an association of independently-owned automotive service businesses and industry suppliers dedicated to improving the state's automotive service industry & the success of its members.

AASP-MN advances excellence, professionalism & integrity by providing education & member benefit programs, serving as a resource & advocate on issues affecting the industry, & by promoting the Code of Ethics.

WHY WORKING FOR AN INDEPENDENT AUTO REPAIR SHOP ROCKS!

- You'll know the customers & their cars...**
not just the job order
- You'll get lots of hands-on opportunities...**
not just when you're "allowed"
- You're part of a close team...**
not just a number lost in a big company
- You'll be connected to a community...**
not just to the shop
- You'll see the on-site shop owner...**
not just when they want to see you
- You'll service all makes & models...**
not just one manufacturer
- You & your skills WILL make a difference!**
