

A fundraiser to support the AASP-MN Automotive Education Fund...

Enhancing opportunities in automotive education through scholarships, program support and partnerships.

Start your engines!

Organize your team today. (This event would make a great employee outing!) The competition will consist of up to 12 teams each night with five members each and a crew chief.

These ain't your daddy's go karts!

ProKart's fleet of RiMO EVO6 Race Karts are run on power-boosting, low-emission, renewable methanol for consistency and performance.

All proceeds will benefit the AASP-MN Automotive Education Fund

When the final checkered flag waves and the adrenaline subsides, our goal is to raise up to \$15,000 over the three nights. Most of that money is earmarked to fund scholarships for students enrolled in an ASE-accredited automotive programs (collision or mechanical) in the state of Minnesota. Scholarship awards are \$1,500 per student.

The race is on! Registrations will be accepted on a first-come, first-served basis. The Race for Automotive Education is sure to be a sell-out event, so don't delay – register today!
