AWAIR Program Webinar Now Available on Demand

The Alliance of Automotive Service Providers of Minnesota (AASP-MN) is pleased to announce its “Creating an AWAIR Program for Your Shop” webinar is now available on-demand.

All automotive repair facilities in Minnesota are required to have *A Workplace Accident and Injury Reduction (AWAIR)* program. Minnesota OSHA has been out since July enforcing and citing violations of the AWAIR standard.

Webinar attendees will learn the purpose and requirements of the AWAIR standard and begin developing a customized program for their own shop. Registration includes a 20-minute phone consultation with CHES to review draft programs.

The program is presented by Carol & Janet Keyes, Complete Health, Environmental & Safety Services (CHES).

Cost for this webinar is \$100 per member/\$150 non-member shop.

To view the webinar, click “On Demand” at <https://elearning.autoserviceproviders.com>.

AASP-MN is an association of independently-owned automotive service businesses and industry suppliers dedicated to improving Minnesota’s automotive service industry and the success of its nearly 750 members. For more information, visit www.aaspmn.org.
