

Member Alert: Governor's Order

We are getting a lot of calls from members wondering if auto and collision repair are deemed "critical services" under the Governor's Order issued today (3/25). The answer is yes!

The order does provide an exemption under Transportation and Logistics, as follows:

State, county, and local government agencies and agency workers, as well as private sector workers, who support or enable transportation functions, including engineers, dispatchers, maintenance and repair technicians (including workers at maintenance and repair shops), warehouse workers, truck stop and rest area workers, and workers that maintain and inspect infrastructure (including those that require crossborder travel).

The order can be found here: <https://www.documentcloud.org/documents/6819010-EO-20-20-FINAL-15580.html>, and the above reference is on page 6.

We'll provide an update at the end of the week on other relevant legislation and measures relating to Covid-19 that may impact you.

In the meantime, please stay safe and healthy!
